

2019 YOUTH CLIMATE SUMMIT

sponsored by the Rochester Youth Climate Leaders

Explore six of the 100 possible solutions to climate change in greater depth as presented in the science-supported book, *Drawdown*.

They are:

Plant-based diet

Educating girls

Composting

Temperate forests

Net-zero sustainable architecture

Biking infrastructure

PROJECT DRAWDOWN

Friday, April 26th, 9 a.m. - 2 p.m.

Rochester Museum and Science Center

Who: Groups of students, educators, and activists from the greater Rochester area.

What: A day dedicated to exploring the solutions from *DRAWDOWN* to stop and reverse climate change: information sessions, interactive workshops, planning, and learning.

Where: The Rochester Museum and Science Center, 657 East Avenue, Rochester NY, 14607

When: Friday, April 26th, from 9:00am – 2:00pm.
Morning snack will be provided

Why: To join together as youth leaders to address climate change and take action.

How: Contact Terry Smith at tsmith@harleyschool.org or visit www.rycl.org to register.

This is a free event sponsored by the RYCL. To see more details about the schedule, workshop offerings for the event, and registration, please visit www.rycl.org.
